OPTIONAL FEEDER SHOWN

Your mailing operation requires high performance. You'll be floored by the table-top RENA Systems T-950 In-Line Tabber/Labeler/Stamp Affixer. It does the job of larger floor model tabbers, but at a lower price.

The T-950 is fast and versatile, handling up to 35,000 pieces/hr. and up to three tabs in one pass. It applies clear, translucent or paper tabs with ease in a variety of tab sizes and can apply labels up to 4" wide. It has an innovative side tab application for maximum productivity. You can load large tab rolls to keep jobs running. Check the precision of its tab accuracy within 1/8 of an inch.

The T-950's smart sensors and guides ensure smooth material handling is easy-to-set up and easy-to-run. The system is designed to run in-line with various input/output devices offering integrated Start/Stop Control with the EASYFeed 120 Feeder. An emergency stop button and interlocks on all adjustments give you state-of-the-art safety.

The RENA Systems T-950 In-Line Tabber. It's pony size, but built like a horse, with heavy duty aluminum and steel construction to give you years of reliable high performance use.
