

# GoCrease™ 4000

The GoCrease™ 4000 electric foot pedal operated creasing and perforating machine gives high output production with ease while boasting a working area for a larger sheet format than most models.

## Specifications

<b>Paper size, inches</b>	18 x 23.4
<b>Paper weight, pounds</b>	80-400 gsm (creasing) 80-250 gsm (perforating)
<b>Max working width, inches</b>	18
<b>Width of crease, inches</b>	0.04 / 0.05 / 0.063
<b>Product dimensions (D x W x H), inches</b>	27.95 x 23.25 x 11.8
<b>Shipping weight, pounds</b>	92.6

\*May vary due to variations in paper

This creasing and perforating machine with a working width of 18" is designed for the final processing of graphic materials up to 18" x 23.4". Creasing enables high-quality folds of digitally printed paper. The machine can also be controlled via a foot pedal. The GoCrease™ 4000 is built with high quality anvil perforation, as well as 3 different creasing channel widths.

## Features

### FOOT PEDAL

The machine can be controlled by a foot pedal which adds hands free ease of use.

### ADJUSTABLE PAPER STOPS

Adjustable paper stops enable angled direction towards the crease blade.

### BUILT FOR QUALITY

The heavy-duty metal construction is built to endure everyday use with no wear.
